Central Venous Catheter

Hisern offers a comprehensive portfolio of central venous catheter (CVC) for both adult and pediatric patients. They are used in various acute care environments in the hospital.

Central Venous Catheter Kit

Nitinol Guidewire

- Resilient to kinking or knotting.
- J tip guidewire suitable for insertion.
- Length markings for accurate tip placement.

Needle-free Luer-Lock Valve (*)

- Needle-free Injection.
- Allows infusion and blood withdrawal without flow restriction.

Y-valve Needle (*)

Choose either Raulerson syringe + introducer needle or disposable syringe + Y-valve needle.

(*) means optional configurations.

Single Lumen

PN	Patient	Catheter Φ (French /Gauge)	Catheter length (cm)	Lumen Φ (Gauge)	Introducer Needle Φ (Gauge)	Introducer Needle length (cm)	Guidewire	Dilator size (French x cm)	Pcs /Carton
